The screenshot shows the eBay Motors website interface. At the top right, there are navigation links: Buy, Sell, My eBay, Research, and Help. The eBay Motors logo is on the left, followed by a user greeting: "Hello xcellentuser! (Sign out.) | You have 1 alert." and links for "eBay Home" and "Site Map". Below this is a search bar with a dropdown menu set to "All of eBay Motors" and a "Search" button. A secondary navigation bar lists categories: Cars & Trucks, Parts & Accessories, Motorcycles, Powersports, Boats, and Other Vehicles. The main content area is titled "Congratulations" and features a green checkmark icon. The text reads: "Congratulations! Your item is listed for sale. It may take up to eight hours for your vehicle listing to appear in search results." Below this, it says "View your listing: - Brembo 25740 Front Disc Brake Rotor - 250593473930" and "You can Track your listing in my eBay". There are two buttons: "Sell similar" and "Sell a different item". At the bottom of the section, it says "Share your eBay items with friends: Facebook" with a help icon.

**Model Description:**  
The Bridgestone Blizzak LM-25, a directional, studless H- and V-speed rated winter tire, delivers excellent snow and ice traction for high performance vehicles. With its 3D sipes, you can rely on the LM-25 for great dry performance and UNI-T technology provides well-balanced performance in wet conditions. Silica added to the tread further enhances winter and wet traction so you get the total performance package you need. Innovative Tire Design - A Comprehensive Tire Design Method This method improves handling in wet or dry conditions and reduces irregular treadwear by combining an ideal tread design, casing shape, materials and construction. Innovative Roundness - Rounder Is Better Rounder overall tire shape provides better balance for wet or dry handling. Innovative Compound - Longer Is Stronger L.L. Carbon utilizes a special form of molecular re-engineered carbon black, a key factor in improving tire wear while enhancing wet performance. 3D Sipes Designed to enhance dry performance while maintaining snow, ice and wet traction. Directional Tread Pattern Helps reduce the risk of hydroplaning by efficiently evacuating water. Zig-zag Sipes Contributes to upgraded traction on ice through drainage and edge effect. Spiral Wrap Spiral Wrap is a continuous nylon wrap that encircles the whole tire, helping the tire hold its original shape to improve high speed capability.

The screenshot shows the eBay Motors interface. At the top right, there are navigation links: Buy, Sell, My eBay, Research, and Help. The eBay Motors logo is on the left, followed by a user greeting: "Hello xcellentuser! (Sign out.) | You have 1 alert." and links for "eBay Home" and "Site Map". Below this is a search bar with a dropdown menu set to "All of eBay Motors" and a "Search" button. A secondary navigation bar includes categories: Cars & Trucks, Parts & Accessories, Motorcycles, Powersports, Boats, and Other Vehicles. The main content area is titled "Congratulations" and features a green checkmark icon with the text: "Congratulations! Your item is listed for sale. It may take up to eight hours for your vehicle listing to appear in search results." Below this, it says "View your listing: - Goodyear Eagle F1 Asymmetric Winter Tire - 250593473930" and "You can Track your listing in my eBay". There are two buttons: "Sell similar" and "Sell a different item". At the bottom of the section, it says "Share your eBay items with friends: Facebook" with a help icon.

When finished adding item specifics, click *Done*. You'll be taken back to the *Create New Item* form. Enter the rest of the listing information for this item, then click *Save*.

*If the product you searched for does not exist in our catalog, proceed to the next section to learn how to add parts and compatibility details to a listing.*

## 6. Specify parts and compatibility details manually

Some products do not yet exist in our catalog, but you can specify parts and compatibility details for products so that you can add them to your listing.

When a chosen category does not have catalog information, after clicking *Next* in the *Select Category* window, you will be directed to the *Specify Parts Compatibility* window.

1. In the *Specify Parts Compatibility* window, use the drop-down menus to select predefined characteristics for the vehicles that use this part, i.e. make, model, year, trim and engine). Selections do not have to be made for all the parameters, but the more you use the more easily buyers will find your listings.
2. Click *Add*. You need to add at least two compatibilities.
3. To add notes for the compatibilities, right-click the *Notes* field and select *Add Note*. Enter a description in the *Compatibility Note* window and then click *OK*.
4. When finished adding the compatibility details, click *Next* so you can add more information about the product using item specifics.

Add the appropriate item specifics for the item by using the drop-down menus and fields to define characteristics about the item. When you click *Done*, you will return to the *Create New Item* form.

5. Enter the rest of the listing information for this item, then click *Save*.
