

Blackthorne

1. To add compatibility information, create a new item or chose an existing item and select a category that supports compatibility:

The screenshot displays the eBay Blackthorne Pro application window. The title bar reads "eBay Blackthorne Pro - C:\Documents and Settings\neraina\Application Data\ebay\Blackthorne\BTData.mdb". The menu bar includes File, Edit, View, Refresh, Items, Actions, eBay, Tools, and Help. The toolbar contains buttons for Create Items, Monitor Listings, Finalize Sales, and others. The left sidebar shows a tree view with Items Views, Item Folders, Item Lists, and Item Filters. The main area displays a table of items with columns: Thumbnail, Title, Item ID, Part Number, Item Status, Date Last Listed, Total on Hand, Cost, Starting Price, Reserve Price, Buy It Now Price, and Fixed Price. The first row shows an item with ID 1, titled "(Untitled)", in "In process" status. Below the table, the "Item 1: (Untitled)" form is visible. The form has tabs for Item and Inventory. The Category field is highlighted with a red circle, and the Select button next to it is also highlighted. The form includes fields for Theme, Ad Template, and Item Specifics. The bottom status bar shows "No new messages.", "Category update completed.", and "New message from Blackthorne".

 - Store Category 2:** [Dropdown menu]
- Bottom Status Bar:** No new messages..., Category update completed., New message from Blackthorne, Fri Jun-04 12:13 PM.

Specify compatibility information using eBay Catalog

1. To use eBay catalog information, click on Catalog. Enter the search words (this could be a part type, brand, part number ...) and click Search:

The screenshot shows the 'Edit Catalog Information' window for 'Item 604: (Untitled)'. The breadcrumb path is '(33710) eBay Motors > Parts Accessories > Car Truck Parts > Lighting Lamps > Headlights'. The 'Search For:' field contains 'general electric' and the 'Search' button is highlighted with a red circle. Below the search bar, the section 'Search Results for Car & Truck Parts' is visible, followed by 'Search for Pre-Filled Item Information'. A text block explains that pre-filled information is available for products in this category and suggests entering search parameters or clicking 'Manually enter Item Specifics'. At the bottom, there are four checkboxes: 'Use Catalog Title as Item Title', 'Include Stock Photo in this Listing', 'Include Additional Information', and 'Use Stock Image as Gallery Image'. 'OK' and 'Cancel' buttons are at the very bottom.

2. In the Search Results window, select the product that best describes your item:

This screenshot shows the same 'Edit Catalog Information' window, but now displaying search results. The 'Search For:' field still contains 'general electric'. The 'Search Results for Car & Truck Parts' section has a pagination bar with '< Prev 1 2 3 4 5 6 7 8 9 10 Next >'. Two results are shown. The first result, 'General Electric D2R Headlight', is highlighted with a blue background and a red arrow pointing to it. It lists 'Brand General Electric', 'Part Type Sealed Beams, Lamps, Flashers, Fuses', and 'Manufacturer Part Number D2R'. The second result is 'General Electric 194R Instrument Light', also listing 'Brand General Electric' and 'Part Type Sealed Beams, Lamps, Flashers, Fuses'. Both results have a 'Show Details' link and a small technical diagram. The same checkboxes and 'OK/Cancel' buttons are at the bottom.

3. Once you have selected the product in the catalog, you can specify additional characteristics about your item and verify the compatibility information. When finished, click OK:

Item 604: (Untitled)

[33710] eBay Motors > Parts Accessories > Car Truck Parts > Lighting Lamps > Headlights

Search For: general electric

Specifying compatibility information manually

1. To specify compatibility information without using eBay Catalog information, click on Compatibility:

The screenshot displays the eBay Blackthorne Pro application window. The main interface is divided into several sections:

- Top Menu Bar:** File, Edit, View, Refresh, Items, Actions, eBay, Tools, Help.
- Toolbar:** Create Items, Monitor Listings, Finalize Sales, New Item, Duplicate, Bulk Change, Edit Pictures, Upload Pictures, Preview, Submit.
- Left Sidebar:**
 - Items Views:** Format: All Formats, Item Folders (Item Templates (0), All Items (1)), Item Lists (My List (0)), Item Filters (New and Unlisted (1), Listed (0), Categories have changed (0), Low inventory (0), Inventory items (0), Archived items (0), Search results (0), Previously Store (0)).
 - Search Items:** Title, contains, Advanced Search, Go.
 - Quick Tips:** (Empty box).
- Main Content Area:**
 - All Items Table:** Columns include Thumbnail, Title, Item ID, Part Number, Item Status, Date Last Listed, Total on Hand, Cost, Starting Price, Reserve Price, Buy It Now Price, and Fixed Price. Row 1 is selected.
 - Item 1: (Untitled) Form:**
 - Item Tab:** Theme: None, Ad Template: Simple, Edit.
 - Category:** 33710 eBay Motors > Parts & Accessories > Car ...ck Parts > Lighting & Lamps > Headlights, Select.
 - Variations in Use:** Not available.
 - Item Specifics:** Available but not specified. Buttons: Item Specifics, Catalog, **Compatibility** (highlighted with a red circle).
 - Item Condition:** Dropdown menu.
 - Item Condition:** 0, Select.
 - Item Specifics:** Not available. Buttons: Item Specifics, Catalog.
 - Store Category 1:** and **Store Category 2:** fields.
- Status Bar:** No new messages..., Category update completed., New message from Blackthorne, Fri Jun-04 12:13 PM.

2. Check the years and vehicle models your item is compatible with. You can sort the list of vehicles by either make (“Make/Model” option) or model (“Model/Make” option). When using the “Make/Model” sort, clicking on “<Make> (All Models)” selects all models for that make. For example, selecting “Audi (All Models)” selects all Audi models.

7. Once the grid on Compatibility in Use tab contains all compatibility information for you item, click OK.

Specifying compatibility information using Item Specifics

1. In some categories that have clearly defined specifications, like tires and wheels, you will be asked to provide details about the part itself rather than specifying vehicle compatibility information. To do that, select the appropriate category and click on Item Specifics:

The screenshot displays the eBay Blackthorne Pro application window. The main area shows a table of items, with the first item selected. Below the table, the 'Item 626: (Untitled)' form is open, showing the 'Item Specifics' tab. The 'Category' dropdown is set to 'eBay Motors > Parts & Accessories > Car & Truck...eels, Tires & Parts > Tires > Tires Test Category'. The 'Item Specifics' section is highlighted with a red circle, indicating the next step in the process.
